

# 7 Days Pediatrics

"Where You Can See a Pediatrician Any Day"

Please be informed that Well Check-up includes the following procedures /codes. **Please check with your insurance company prior to exam, if these procedures will be completely covered under Well Check-ups.** If you **do not wish** to perform any of these procedures, please let the Nurse/Medical assistant or Doctors know before exam. **Members will be responsible to find out how many Well-Visits are allowed by their insurance per year.**

**Below is a list of procedures done during Well-Child Exam depending on the patient's age:**

Physical Examination (Procedure code varies by patient's age, so not provided)

Immunizations (if needed) (Procedure code varies)

Immunization Administration (Procedure code varies)

VEP (Visual Evoked Potential) Procedure Code: 95930

Hearing test or Audiometry 92587 / 92552

Vision Screening 99174 and/or 99173

Urinalysis 81000

Developmental Screening 96110

**Also please be informed that during any Well Check-ups, if you have any other medical condition questions or concerns, which is not related to Well-Check-ups, you may be required to pay Copay, Deductible, or Coinsurance later on and not during the visit.**
